

Project Engineer Intern

Go from Campus to Job Site

Monterey Mechanical:

Located in Oakland, California, Monterey Mechanical Company is a mid-sized industrial contractor and metal fabricator. Our current annual revenues are approximately \$65 million with about 70% construction, 20% HVAC and metal fabrication and 10% industrial maintenance.

With more than 75 years of continuous service, we are passionate about providing our employees opportunity for career advancement and a great place to work. We are family-orientated and highly value the expertise and experience of our team.

Overview:

Few construction companies offer recent college graduates and undergrads the opportunity to enter and learn the industry as we do. We actively recruit new and soon-to-be graduates for full-time jobs and paid internships that provide invaluable experience in the field of project engineering. Interns receive considerable hands-on exposure to large projects, client interaction and other relevant work under the supervision of our professional team. We emphasize mentoring, so you gain in-depth understanding and knowledge at a high-rate, benefiting your career from an early stage.

Responsibilities:

Assist project manager with coordinating, planning, organizing, implementing, and completing construction projects according to specifications and contractual agreements.

Qualifications:

- Possess or currently working towards a bachelor's or master's degree in construction management, or civil, mechanical, or electrical engineering.
- Prior construction-related internship or work experience is beneficial, but not required.

- **We are accepting resumes for summer internships through February, and will contact selected candidates in March to set up interviews.**

- **Please send your resume to Steve Gutfeld, HR Manager, HR@Montmech.com.**
